HEALTH RULES FOR SHEEP

1. A Certificate of Veterinary Inspection (CVI) issued after May 1 of the current year is required. The CVI must show proof of rabies vaccination and date.
2. All animals must be free of infectious and contagious diseases and a statement of this is required on the CVI (the statement is pre-printed on the CVI). Animals appearing unhealthy upon arrival may not enter the exhibition grounds. Animals are not to be unloaded until health requirements are checked.
3. An Animal Owner or Caretaker's Verification of Veterinarian-Client-Patient Relationship (VCPR) statement for the animals being exhibited must be included on the fair registration form. (A separate VCPR form is no longer required)
4. Individual official USDA scrapie animal identification is required. Official scrapie ID includes:
 - An official USDA scrapie ear tag. Contact the USDA to obtain scrapie ear tags at 1-866-873-2824, weekdays from 9AM to 5PM. Your order may take several weeks for processing, so order tags early; or
 - A USDA-approved custom herd scrapie ear tag; or
 - A USDA-approved scrapie tattoo with individual animal ID (tattoo); or
 - An ISO-compliant 15-digit ear tag (including RFID).
5. A current rabies vaccination administered by a licensed veterinarian is required for animals 3 months of age and older (*market sheep are exempt from this vaccination requirement*). All vaccine label directions must be followed, and a rabies vaccination certificate must accompany all rabies-vaccinated sheep or the vaccination information must be included on the CVI. If a rabies vaccination certificate is provided, the certificate must contain legible name and contact information of the veterinarian who administered the vaccine and the veterinarian's signature. A copy of the rabies vaccination certificate is acceptable. The CVI is the preferred document.
