

HORSES

HEALTH RULES FOR HORSES

1. A Certificate of Veterinary Inspection (CVI) issued after May 1, 2023, is required. Equine Infectious Anemia (EIA) test results and date of the test must be included in the CVI.

The following vaccinations are required for all horses and **must be noted on Certificate of Veterinary Inspection form AAI-13:**

- Rabies
 - Tetanus
 - Influenza
 - Encephalomyelitis E. & W.
 - Rhinopneumonitis
2. All animals must be free of infectious and contagious diseases and a statement of this is required on the CVI (the statement is pre-printed on the CVI). Animals appearing unhealthy upon arrival may not enter the exhibition grounds. **Animals are not to be unloaded until health requirements are checked.**
 3. An Animal Owner or Caretaker's Verification of Veterinarian-Client-Patient Relationship (VCPR) statement for the animals being exhibited must be included on the fair registration form.
 4. All equine animals must have tested negative for EIA by an official test within the 12 months prior to the opening date of the exhibition. Laboratory test results must accompany each animal to its final destination (a copy of the original lab report is acceptable). Foals less than 6 months of age accompanied by a dam, which meets the above requirements, are exempt from EIA testing requirements. If the foal is not accompanied by the dam, a copy of the dam's test results must accompany the foal to its final destination.
 5. A current rabies vaccination administered by a licensed veterinarian is required for animals 3 months of age and older. However, if a mare was currently vaccinated against rabies when she foaled, the foal is not required to be vaccinated until six months of age, with a second vaccination administered two-four weeks later. All vaccine label directions must be followed, and a rabies vaccination certificate must accompany all rabies vaccinated equine animals or the vaccination information must be included on the CVI. If a rabies vaccination certificate is provided, the certificate must contain legible name and contact information of the veterinarian who administered the vaccine and the veterinarian's signature. A copy of the rabies vaccination certificate is acceptable. The CVI is the preferred document.

Out of State Horses: Exhibitors entering horses originating from out of state must follow the health requirements set forth by the Pennsylvania Department of Agriculture at

<https://www.agriculture.pa.gov/Animals/AHDServices/Documents/2018%20Animal%20Health%20Rules%20for%20PA%20Fairs.pdf>

The following rules apply to all Equine:

1. No horse or team of horses shall be entitled to a premium unless serviceably sound.
2. Exhibitors may be limited depending on space availability.
3. Horses entered as matched pairs must be owned by one person or firm.
4. Animals or combinations of animals owned by one exhibitor may be entered in the classes below.
5. No grade stallions shall be accepted for entry.
6. All animals entered must compete and be shown in the correct class.
7. Stall arrangements for the week will be determined on availability. If you would like your horse to stay for the entire week, please make a note on your entry form.
8. Ages to be reckoned as of August 1.
9. All entries in Section M must show registration papers.
10. All entries are subject to veterinarian examination. Animals considered unhealthy by examining veterinarian will be excused from the grounds immediately.
11. All horses are to remain in their stalls after 4pm unless participating in a show.
12. **All livestock exhibitors are responsible for their own bedding.**
13. Classifications and premiums are to apply to each of the following breeds:

DRAFT HORSE PULLING CONTEST

Saturday, August 26, 2023 – Noon, Peoples Grandstand Arena-FREE ADMISSION

- All entries must adhere to the Equine Regulations for Pennsylvania Fairs for health, including the Coggins Test as stated in General Rules for Horses.
- The contest will follow the rules of the **Laurel Highland Horse Pulling Association**.

OBJECT The value of draft animals depends upon their ability to pull, and capacity to endure sustained efforts. The object of this test is to determine the sustained maximum pulling capacity of each pair. These tests will also afford valuable scientific data on the relation between form and function in draft animals, and will stimulate general interest in the breeding and use of good draft horses. In particular, it is desired:

1. To demonstrate the value of type, soundness, and proper breeding in the selection of horses intended for long and arduous draft work.
2. To ascertain and to demonstrate the proper method of training and conditioning of horse for long and severe draft work.
3. To encourage horsemanship in fitting harness and in driving.
4. To demonstrate the maximum pulling capacity of the horse.

Class 1. Light Draft Teams**3200 lbs. and under **Class 2.** Heavy Draft Teams**Over 3200 lbs.

1st/\$400, 2nd/\$350, 3rd/\$300, 4th/\$250, 5th/\$200

All eligible non-winning teams will receive **\$100**.

DEPARTMENT 101-4-H & FFA HORSES
